*Improving Your Response To Critical Situations*

# Cadaver Lab

NurseMed Safety & Health Training is proud to now offer Cadaver Labs. Let our Instructors and Physicians improve your understanding of content you are learning in any medically related program you are currently taking. Students enrolled in our programs attend Lab at no additional charge.

Or use the lab to obtain continuing education if approved by your department or training institution.

Each Cadaver Lab includes:

- Cadaver
- Instructors
- Equipment (including saws, laryngoscopes, PPE, decompression equipment etc)
- Lunch

Call a program consultant today to learn about pricing and multi-student discounts as well as lab schedules.

866-587-0710 ext 317
